by Pool TECHNOLOGIE

## Saltwater chlorinator - S4

Automatic treatment  
for **optimal maintenance**

**Bluetooth remote control**  
with e-Pool® application

**Premium warranties**

CELL  
**2 YEARS**  
Warranty

BOX  
**2 YEARS**  
Warranty

Up to **200m<sup>3</sup>**

A WHOLESOME WATER IN ALL SIMPLICITY

- **Smart Power technology**  
Constant chlorine production in any circumstances  
A technology which extends the lifespan of the cell
- **Normal Salt/Low Salt mode** (depending on model)
- **Remote control via Bluetooth**  
Remote control and update with the e-Pool® application
- **Superboost mode**  
Super chlorination for up to 48 hours to overcome an increased need of disinfectant
- **Cover mode**  
Modulate chlorine production according to cover position
- **Self-diagnosis**  
Electrolysis test to check the condition of the components
- **Automatic winterization**  
Automatic winterization and restart from 15°C
- **Safeties**  
Low water, low salt, cell fault

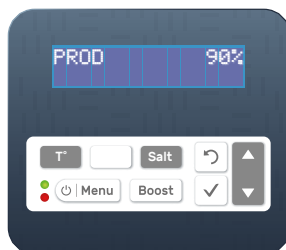

\*In normal operating condition - Non contractual photos - 11/2021A

## High quality cell

- Self cleaning cell by adjustable polarity inversion
- High quality titanium electrodes 10.000 hours\*
- Transparent sleeve to easily check the condition of the plates

## User-friendly interface

- Intuitive navigation on LCD backlit screen
- Soft touch keyboard with quick access keys
- Chlorine production adjustable from 0 to 100%

MODEL	VOLUME m <sup>3</sup>	CHLORINE PRODUCTION g/h	REFERENCE
SERENE S4 Uno 8-40	40	8	ELLY22SERA-G4NM08
SERENE S4 Uno 12-60	60	12	ELLY22SERA-G4NM12
SERENE S4 Uno 18-90	NS 90 / LS 60	NS 18 / LS 13	ELLY22SERA-G4HX18
SERENE S4 Uno 25-130	NS 130 / LS 80	NS 25 / LS 16	ELLY22SERA-G4HX25
SERENE S4 Uno 40-200	NS 200 / LS 140	NS 40 / LS 30	ELLY22SERA-G4HX40

in hot climates, reduce volume by 20% - NS : Normal Salt (5g/l) / LS : Low Salt (1,5g/l)
